Munsell FM 100 Hue Test Installation Instructions

These instructions are for the installation of the FM 100 Hue Test Scoring Software version 3.0.

To install the software, simply copy the FM 100 Hue Test folder from the CD into the directory or folder on your computer or network drive (for network applications) where you would like the software to reside. Once the software is copied, simply double click on the FM 100 Test executable (FM100Hue.exe) and the software will launch.

Note: This software has been written to operate on MAC OS X and Windows NT, XP, and 2000 platforms.
